STORY SPINNERS WH Questions Fast Spins

STORY SPINNERS: WH QUESTION FAST SPINS

Directions: Choose a spinner. Each student takes turns spinning to choose a part of the story. Place a paperclip flat in the center of the circle. Hold the tip of a pencil straight down through one end of the paperclip (at the center of the circle). Flick the other end of the paperclip—it will spin around like an arrow and land on a section. After each spin, answer a question prompt to help build a story. Add each answer together to build a group story with a beginning, middle, and end. Optional: Write the story down or draw simple pictures to retell later.
